The diagram illustrates the correct and incorrect ways to install the TEMPOMIX 3 cartridge. It is organized into three vertical panels connected by double-headed arrows.

- Left Panel:** Shows the cartridge being removed from a faucet handle. A downward arrow points to a sub-panel showing the correct installation: the cartridge is inserted into the faucet body, and the handle is turned to the 'ON' position. Two incorrect methods are shown with 'X' marks: 1) Inserting the cartridge into the faucet body without turning the handle. 2) Inserting the cartridge into the faucet body with the handle turned to the 'OFF' position.
- Middle Panel:** Shows the cartridge being removed from a faucet handle. A downward arrow points to a sub-panel showing the correct installation: the cartridge is inserted into the faucet body, and the handle is turned to the 'ON' position. Two incorrect methods are shown with 'X' marks: 1) Inserting the cartridge into the faucet body without turning the handle. 2) Inserting the cartridge into the faucet body with the handle turned to the 'OFF' position.
- Right Panel:** Shows the cartridge being removed from a faucet handle. A downward arrow points to a sub-panel showing the correct installation: the cartridge is inserted into the faucet body, and the handle is turned to the 'ON' position. Two incorrect methods are shown with 'X' marks: 1) Inserting the cartridge into the faucet body without turning the handle. 2) Inserting the cartridge into the faucet body with the handle turned to the 'OFF' position.
